Nancy, thank you for the "TD" clarification. Between the two amendments and WA 5-96 I lost this in the mix. Thanks again. We should be good to go.

Hi Bruce, the amendment was issued last Friday (you rec'd a cc) so you can give TDs to Cadmus... Just forwarded you the issuing email. Cadmus has not yet sent in the work plan but you can give TDs to them...

Subject: Option Period 4 Amendment

Nancy,

Do you know the status of our work assignment amendment under Option Period 4 for supporting our Dewey Burdock work under the Cadmus contract? We were hoping that Cadmus would have the green light by the end of last week so we can begin to draw hours for additional tasks under this amendment. While we have also submitted the paperwork for Option 5 which begins in July, the scope of work under the Option 4 amendment is our first and immediate priority. Thanks.
